WORK EXPERIENCE

Fresher:

LERNING PROFILE WITH PYTHON

*Python And Django

Internshala provided me knowledge of python programming as like writing program and testing code, and Executing Python Program ,Python Language Fundamentals Python Conditional Statements Looping Statements ,Standard Data ,Types String Handling ,Python List ,Python Tuple,Python Set Python Dictionary ,Python Functions Modules & Packages ,File I/O, Object Oriented Programming Exception Handling ,Regular Expressions(Regex) GUI Programming, Multi-Threading Programming SQL Introduction to Database SQL (Structured Query Language) Python Database Connectivit project using tkinter and database connectivity etc

(1) PROJECT

GUI APP

I have made GUI APP With PYTHON PROGRAMMING by The use off TKINTER MODULE.WIN ,title,, label,,grid, ENTRYBOX , BUTTON, etc..
GUI APPLICATION is a graphical user INTERFACE that has BUTTON, WINDOWS,AND lots of other widget that user CAN use to INTERACT with APPLICATION a good example is web browser it has BUTTON,TABS,AND a MAIN WINDOW

(2) PROJECT

TEXT EDITOR SOFTWARE

I have made text editor by the use of python programming TKINTER , OS module and Also use of color code , icon code,,exe file etc
Text editor is a computer program that let's a user enter ,change ,store,and usually print text charector and numbers each encoded by the computer and it's input and output device arranged to have meaning to users or to other programs

(3) PROJECT

WEB PAGE

Django is a high-level Python web framework that encourages rapid development and clean, pragmatic design. Built by experienced developers,i made web page i learnt about aweb page how to create and how to run backend and frontend also i learnt html css etc
i designed the web site with the help of bootstrap i leant and create supper user ,start runserver by the use of manage.py file

Java (DSA)

LERNING PROFILE WITH JAVA

*java Data structures algorithms acciojob provided me knowledge of java programming(DSA) as Like writing program and testing code, and Executing java Program ,java Language Fundamentals java Conditional Statements Looping Statements ,Standard Data ,Types String Handling ,Array List,java Hashmap ,java Functions Modules & Packages ,File I/O, Object Oriented Programming Exception Handling ,Regular Expressions(Regex), Multi-Threading database connectivity etc
